The Weyburn PS received a complaint regarding a homeowner pushing snow onto the street. Property owners are reminded that it is an offence under the Bylaw to shovel, push, blow or otherwise deposit snow onto a City street. While we realize that during times of significant snow it may be difficult to leave it somewhere on your property, the reason for the Bylaw is to not further congest the street and parking areas with more snow than necessary which adds to the often already poor driving and parking conditions.
